Basel Seminars in Pathology
Bone and Soft Tissue
Postgraduate Course
Basel, June 27-28, 2014

Organizing Committee: Gernot Jundt, Daniel Baumhoer, Pathology
University Hospital Basel, Petersgraben 4, CH-4310 Basel, www.usb.ch

For further information contact our website: http://pathologie.unispital-basel.ch/aktuelles
Web-based Slide Seminar:
The course will also feature a web-based slide seminar on topic-related cases presented by the speakers. All cases will be made accessible online for virtual microscopy prior to the course. Access will be provided via email only to participants having registered for the Basel Seminars.

Course Venue, Schedule and Fee:
The Basel Seminars will be held at the lecture hall of the Institute of Pathology, University Hospital Basel, Schoenbeinstrasse 40, 4031 Basel, Switzerland. The course will begin on Friday, June 27th, at 9:00 a.m. and conclude on Saturday, June 28th, at 1:00 p.m.

The fee will be 150.00 SFR / 130.00 € including lunch on Friday, brunch on Saturday as well as all coffee breaks.

Registration:
Registration is possible via email (ktrz@usb.ch) or Fax (+41-61-2653513) and is regarded definite. Please provide name, address and email-address. You will receive billing information from the University Hospital Basel subsequently based on the personal information given. In case the course fee has not been received until June 26th, on site payment will be exceptionally possible (only cash).

Friday, June 27
9:00-9:30 Registration and coffee
9:30-9:45 Welcome
9:45-10:30 Impact of Next Generation Sequencing Results in Bone Tumor Diagnosis and Treatment
Adrienne M. Flanagan - UCL Cancer Institute, London, UK
10:30-11:15 Radiographic Correlation and Bone Tumors: how the Pathology explains the Imaging and how the Imaging predicts the Pathology
Michael Klein - Department of Laboratory Medicine and Pathology, Hospital for Special Surgery, New York, USA
11:15-12:00 Differential Diagnosis of Chondrogenic Tumours
M. Fernanda Amary - RNOH - UCL Cancer Institute, London, UK
12:00-13:00 Lunch
13:00-13:45 Giant Cell Containing Lesions in Bone
Adrienne M. Flanagan - UCL Cancer Institute, London, UK
13:45-14:30 Update on Selected Matrix Forming Tumors of Soft Tissue
Andrew L. Folpe - Department of Laboratory Medicine and Pathology, Mayo Clinic, Rochester, USA
14:40-15:15 Underecognized (and often misinterpreted) Lesions of Bones and Joints
Michael Klein - Department of Laboratory Medicine and Pathology, Hospital for Special Surgery, New York, USA
15:15-16:00 Coffee
16:00-17:30 Slide seminar

Saturday, June 28
9:00-9:45 Monomorphic Spindle Cell Sarcomas: an Approach
Andrew L. Folpe - Department of Laboratory Medicine and Pathology, Mayo Clinic, Rochester, USA
9:45-10:30 Vascular Lesions of Skin and Soft Tissues
Thomas Mentzel - Dermatohistopathologische Gemeinschaftspraxis, Friedrichshafen, D
10:30-11:00 Coffee
11:00-11:45 Diagnostic and Clinical Challenges in Adipocytic Neoplasms
Angelo Paolo Dei Tos - Departments of Oncology and Anatomic Pathology, Treviso, I
11:45-13:00 Slide seminar
13:00 Brunch
