Regarding: Application for JACIE Reaccreditation

Dear Prof. Jacob Passweg

The JACIE Accreditation Committee has reviewed your application (no. **1010**) for **Reaccreditation** of **Universitätsspital Basel, Klinik für Hämatologie», Basel, Switzerland**. Based on your response to the Inspection Report(s) and the Accreditation Committee's recommendations, this Committee is pleased to inform you that your programme meets the applicable requirements as set out in the FACT-JACIE International Standards for Cellular Therapy, edition **7th**.

Your programme is now accredited for:

- Allogeneic and Autologous Transplantation in Adult Patients
- Allogeneic and Autologous Transplantation in Paediatric Patients
- Collection of HPC, Apheresis
- Collection of HPC, Bone Marrow
- Cell Processing - minimally manipulated
- Immune Effector Cells Administration

Accreditation is effective from **10/08/2021** to **09/08/2025**.

The identity of accredited centres and institutions will be published on the JACIE web site and in other JACIE communications. If this accreditation is referred to any publicity by your organisation, please be

<https://www.ebmt.org/jacie-accreditation>

certain to specify the areas for which it is accredited.

JACIE Accredited centres must notify the JACIE Accreditation Office of any changes to facilities and/or key personnel as soon as they are implemented by completing the Changes Affecting Accreditation Report.

In addition, as part of the 4-year accreditation period, centres are subject to a focused Interim Audit at the end of the second year of accreditation. More information on the Changes in Accredited Centres and the Interim Audit processes is available at <https://www.ebmt.org/jacie-accreditation-process>. Centres awarded accreditation for a period less than 4 years will not be subject to the interim audit but are required to inform proactively JACIE of any changes to their Programme.
